Certified organic. No treatment was applied to this material and it contains no additives. Store in dry, cool conditions in a sealed container, away from direct sunlight and fluctuations in temperature.

Heavy metals were not tested on this lot. Total coliform was reported as greater than 1,100 MPN/g, the upper limit of the test method, so the result is shown as reported rather than as a pass.

This is a natural product. Organoleptic properties may vary between lots due to crop fluctuation, harvest and other natural processes.

This information is presented in good faith as accurate and reliable. No warranty, expressed or implied, is made. Reported values are not guarantees and are not a condition of sale.
